Visit www.perthisawesome.com. I am a resident, ratepayer and doctor, having worked in three major tertiary hospitals, Fiona Stanley, Sir Charles Gairdner and Royal Perth Hospital. Technology literate and no stranger to executive positions. Perth should be Asia's gateway to Australia and have a university campus to attract students. Combat congestion using alternative transport, make it easy to cycle/skateboard to work, behaviour would follow. Council carparks; install solar panels and charging stations, lets catch up. Support the ultimate renewable industry; art, music and multimedia. Lets foster good ideas and ensure value for money on rates collected. I have no business interests and would vote against any privatisation of council assets. Socially invested in Perth, not financially. Give homeless representation. Executive roles: NRHSN (2014), NRF RACGP (2013), GPSN (2013), BSP ACRRM (2014) Qualifications: MBBS (UNDF) (2014), RCS (UWA) (2013), Bachelor Computer Science (UoW) (2009). Make tomorrow better. Dr. Viktor Ko.
