LYNES, Terresa

It is time to do better, our City deserves better.

Only a cohesive council working together and making decisions with integrity and transparency can rebuild and reclaim what has been lost from our City's heart.

We need to recognise that we can do better on many fronts: parking; attracting business; infrastructure; entertainment and events; security and safety. Council must be united in making decisions that show we are working towards the same goal. **A City that is alive.**

As a proud sixth generation West Australian, I want more from our City and I believe, with your support, I can help make it happen. I have experience as a Deputy Mayor and hold a Diploma in Local Government whilst furthering my studies in Criminology and Justice alongside co-owning a business here in the City.

I look forward to your support to help me deliver better for our City.
