## **BARTON, Lexi**

I am here to **listen** and make our Capital City a **safer**, more **dynamic** and **vibrant** place in which to live, work and visit. This requires a Council that is **accountable**, **transparent** and **open** to considering and implementing new initiatives. A Council that, above all, listens to its community and works together to ensure the City it serves is prosperous and enticing. We need to encourage projects that support local businesses and make our City a more family friendly place. This requires **forward thinking**, a focus on **activation** and **safety** and the restoration of **good governance** and **community confidence**. The City must trust that Council decisions will always be made in the best interests of the City. I'm determined to give the community its voice back and will use my professional qualifications (Bachelor of Laws, Bachelor of Science) and experience to serve our City to the highest standard.
