LEZER, Catherine

You don't really know a city until you've lived there. I'm an East Perth resident who loves inner city apartment living.

I believe listening to residents & small businesses is key. This focus is backed by strong governance experience: MBA, Australian Institute of Company Directors qualified, and a directorship at WA's Strata Community Association with practical experience in strata reform, defects and building upgrades; including sustainable projects like green roofs, solar PV, and importantly water and energy efficiency in apartments.

I'm for: Better apartment living, not cramped spaces: Lower rates and fairer parking: Better amenities for families & pets: Occupied buildings, not vacant spaces: More frequent bulky goods collection, not litter: More trees, less hay fever: Preserving foreshore access, sensible planning: Safer walking and cycling: Expanded CAT services and better lighting: Street art, not graffiti.

Committed and independent I will work hard for the City of Perth. Rebooting Perth's Heart.
