'Let's Reboot Perth's Heart'. From my first job working in a bank in the city through to the 23 years working with my wife Lesley, as the proprietors of Friends Restaurant, Perth is a part of me and I am a part of it.

Forty years working in big business, small business and numerous community groups has taught me that nothing is more important than listening. My 6 years as Chairman of Lotterywest, the most successful in its long history, reinforced the importance of good decision making.

Our city needs representatives that listen and make good decisions on issues that matter to the community, including safety, homelessness, attracting events, a carbon neutral future, a vibrant river and a city university. Please tell me what matters most to you. Please work with me to ensure the decisions made for this great city are in the best interests of all.
