## REYNOLDS, Bruce

I'm a down to earth, community-minded business owner who has lived and worked in the City of Perth for over 30 years.

We need leadership from someone who knows that teamwork with all stakeholders, along with culture and strategy, is key to making changes that will benefit our beautiful city.

I will work tirelessly with fellow elected members to be a voice for our community, residents, businesses – large & small – & for those who visit Perth every day.

I want to deliver real long-term solutions that give every member of our community the respect, dignity, & hope they deserve.

If elected, I will allocate \$50,000 of my Mayoral income/allowance annually to develop a youth council with a pay-it-forward culture and programs to mentor our future leaders.

Let's bring integrity back to the council, vitality back to the city & humanity to the community.
