City of Perth welcomes Inquiry conclusion

City of Perth Commissioners welcome the formal closure of the Inquiry into the City of Perth following today's final hearing.

"The closure of the Inquiry is an important step in returning the City to a place of good governance," Commissioner Hammond said.

"Since the Inquiry was announced in 2018, the City has been on an extensive journey of transformation. With the Inquiry over, Elected Members can soon return to lead the City and focus on growing Perth as an iconic, global city that is positioned for future prosperity."
