Banners and Flags Specification

General Notes

1. Approval for banners and/or flags must comply with City of Perth policy guidelines.

2. Installations and removal of banners/flags will be carried out by the City of Perth & It's approved Contractors.

3. Banners/flags must be professionally manufactured and meet City design guidelines.

4. We recommend that your supplier uses heavy-duty vinyl material production to guard against strong winds, with the exception of sites F(X), K1, T1, T2, T3a, M3, W1 & W2 for which we recommend your supplier uses a heavy weight trilobal cloth.

5. Printing should be run at a high pass. Printing on trilobal, ink may need to be tested and set to penetrate the cloth material.

6. Please note that the City of Perth is not responsible for any weather damage to banners or flags.

7. Any artwork with the City of Perth logo featured should be approved by City of Perth Corporate Communications via your sponsorship contact or at ccu@cityofperth.wa.gov.au
