

Rio Tinto Christmas Lights Trail 2022 Accessible Map

Audio Descriptions

For the first time, audio descriptions of the Christmas installations will be available to visitors.

A QR code with braille will be available at various stops located on event signs near the installation. When you scan this QR code via your smartphone's camera, you will be led to a webpage that will allow you to immediately play the Installation's audio description.

Please note some Installations will not have an audio description available, please refer to the map legend.
